Press Release

FJM expands its successful line of KeyGuard Pro Punch Button Lockboxes!

Seattle, WA, - May 26, 2016: FJM Security Products announces the addition of the Window Mount KeyGuard Pro.

FJM Security's durable KeyGuard® is the perfect solution for anyone needing to store keys for their vehicle. Its large full metal body makes it very strong and secure while providing room for keys, key fobs, or other small items.

Easy to use – simply roll down the car window, attach the bracket then roll the window up to secure the lockbox. That's it! A sleek protective cover is also included that keeps the key pad safe from the elements which is perfect for any environment.

The large punch buttons on the front are easy to view and takes only a few seconds to access the key storage vault. Changing the combination is simple. Access the back of faceplate, select your combination and turn the yellow buttons to your desired combination.

Features:

- Easy to set and reset combinations
- No extra parts needed – just slip onto window
- Does not leave marks or scratches
- Protective rubber cover from the elements
- Large key vault to store most types of keys and fobs
- Thousands of different possible combinations
