Press Release

New Black Finish for the Keyed Cam Lock

Seattle, WA, February 15 2013: A new black finish is now available for the popular #8X00 keyed cam lock series from FJM Security Products. The locks are an addition to the variety of stock cam locks, push/plunger locks, glass locks, cylinder locks, switch locks, miniature locks and deadbolt locks that have been popular with large and small OEMs.

The #8X00 high quality cam locks offer a security solution for most lock needs. These locks come in three cylinder lengths - 5/8", 7/8", and 1-1/8", with both chrome and black finish. The housing and barrel are made of zinc alloy. This high quality lock is available keyed alike or keyed different, as well as key retaining. A master key version is also available in both finishes. The new finish offers more options when securing cabinets, doors, drawers, boxes, etc. The lock comes with a 1-1/4" straight cam. Optional accessories (straight and offset cams, dust cover, and finger pull) are also available.

- Retrofits any standard cam lock
- Keyed alike or keyed different
- Master key available
- Key retaining or non-key retaining
- Three cylinder lengths (5/8", 7/8", and 1-1/8")

FJM Security Products' (www.fjmsecurity.com) mission is to supply resettable combination security devices and other quality hardware products in a manner that exceeds our customers' expectations for value, service and innovation. Our other products include Combi-Cam Cabinet Lock Series, Padlockable Cam Locks, Combi-Ratchet Combination Ratchet Locks, Combi-Bolt Combination Bolt Locks, SOBO High Security Padlocks, ShurLok and KeyGuard Key Storage, HitchSafe, and other keyed cabinet locks. FJM Security Products, a division of Frank J. Martin, has been in business since 1957. Check out www.tinyurl.com/fjm1786 for our new online product catalog.
