Press Release

FJM **Security Products** expands its successful line of key cabinets by offering electronic access!

Seattle, WA, October 14, 2013: FJM Security Products announces the addition of the Combi-Cam E lock to its family of KeyGuard® Key Cabinets.

FJM Security's durable KeyGuard® Electronic Key Cabinets are constructed entirely of heavy gauge steel, including the high capacity key hooks and continuous "piano" hinge. Mounting supplies and multi-colored key tags are included making it easy to install and easy to organize.

Available in 48 and 122 key models, the cabinets are secured by the Combi-Cam E lock, an electronic lock with up to 10,000 possible combinations and an environmentally friendly battery life of up to 10 years!

The solid metal, Combi-Cam E provides instant audio feedback with the convenience of programmable keyless access and a managerial/master code for dual access flexibility. Open the electronic key cabinet any time a code is lost or forgotten and reset the combination.

Features:

- Master/manager code access flexibility
- Eco-friendly, up to 10 year battery life
- Instant audio/visual feedback
- Optional - 5 min. lock-out after 3 false code entries
- Optional - audio warning if the cabinet is open for 1 minute or longer
- Made of heavy gauge steel with continuous "piano" hinge and key hooks
- 10,000 possible combinations
- Mounting hardware and color key tags included
