Setting the combination:

Setting the combination for the KeyGuard Pro takes only seconds!

1. The KeyGuard Pro does not come pre-set to any combination. Once the front cover is open, push down on open tab to access the backside of the faceplate.
2. On the back of the faceplate, there are 11 yellow buttons with arrows pointing upward. Using the "Key" rotate each number that corresponds with your combination 180 degrees (please see image below)
3. The shackle can be opened by pushing the release tab inside the KeyGuard Pro. Once shackle is released, place on door handle and secure by putting back into original position
4. Once the combination is set, you can close the faceplate and begin to use your KeyGuard Pro.

Sample Combination of 1965 has been set

Specifications:

Features:

Familiar key pad entry allows for letter or numbered combinations. Not only will this allow for the combination to be easily remembered, it also allows for:

- Company Names
- Marketing Messages
- Personalization

Large Storage Area

- Store Keys
- Access Cards
- Business Cards

Protective Cover

- Weather Resistant
- Protects from Elements
- Removable

Large Punch Buttons

- Easy to use
- Easy to see
- Convenient

Value

- Optional locking shackle
- Competitively priced
- 1 year warranty

Accessories:

Accessories can provide an optional locking shackle or allow the ShurLok Pro to mount to virtually any surface.

- Keyed padlock option for shackle

- Combination padlock option for shackle

- Lever Grip: This will allow the ShurLok Pro to work with Lever Shaped handles

- Mounting Bracket: Bracket used to mount the ShurLok Pro to virtually any surface

- Over the Door Bracket: Allows the ShurLok Pro to be secured to the top of the door instead of on the door handle

- Message Tag: Allows any message to be displayed or allows for a business card

- Cable: For locking to bicycles, meters or anything else you can think of
