Press Release

FJM Security Products Innovates mobile security to keep iPhone Safe!

Seattle, WA, December 23rd, 2011: FJM Security Products announces the addition of our new MobiSafe – a secure safe for iPhones, keys, cash and any other expensive personal electronic items while on the go!

Never worry about your smartphone (iPhone or Android), MP3 player or camera being stolen from your bag! The MobiSafe iPhone Safe is the smart and secure solution to prevent opportunistic theft of your valuables while walking around on campus, working out at the gym, or participating in outdoor activities.

With its tough ABS plastic and locking head with 10,000 possible combinations, the MobiSafe iPhone Safe fastens to almost any stationary item as it protects and keeps your iPod or iPhone safe while you use it. The small openings on the side allow for headphones to be attached while your device remains locked up.

MobiSafe iPhone safe features:

- Keep keys, cash, iPods, and iPhone safe and secure
- Lightweight for travel
- 10,000 possible combinations
- Easy to use and reset combination
- Front opening face
- Secure to stationary items like backpacks, gym equipment, etc.
- Tough ABS plastic
- Vinyl coated aircraft cable
- Size: 3"W x 9.3"H x 0.75"D (body not including locking head - 5.6"H)
- Imprinting available. Add your logo for marketing value.
