

SL-502

The FJM SL-502 and SL-592 Heavy Duty Lock Boxes brings you the perfect solution to home owners, realtors, property management, vacation rentals, care-givers and anyone else needing a safe place to store their keys. The lock box fits over standard door knobs as can also work on fences or posts.

Store up to 5 house keys in the FJM's spacious interior and choose from up to 10,000 combinations on the 4 digit dials. Its heavy duty zinc die-cast construction and sliding dial cover ensure that your FJM will offer you years of keyless convenience.

- Provide sturdy and highly secure keyless access for friends, family, or guests that need entry when no one is around with simple 4-digit combination
- Easily set the combination via the reset latch on the inside of the KeyGuard and choose from up to 10,000 unique combinations
- Constructed out of durable zinc die-cast and features a sliding dial cover to keep debris from getting inside the lock box
- Spacious interior will hold up to 5 house keys and the large internal cavity will prevent jamming of lock box
- The KeyGuard is the perfect solution for home owners, realtors, property management, vacation rentals, care-givers or anyone else who needs easy access to keys
